*Program volunteers sorting pet food*

The Greater Maple Valley Community Center partners with the **Humane Society** to provide dog and cat food to local low-income residents. This program enables individuals the opportunity to care for valued members of their family.

The Community Center recognizes that the bond between a human and their pet can be just as strong, or stronger, as any other relationship in their life. By partnering with the Humane Society we can support these individuals in caring for vitally important family members.
